- Materials' Identification & traceability
- Packing and marking inspection

- Pre-Inspection Meeting
- Progressive Manufacturing Inspection
- PSI - Pre Shipment Inspection
- Specification Technical Interpretation
- Verification of surface finishing and painting
- Visual and dimensional examination
- Welding inspections assistance

## OIL & GAS EQUIPMENTS

### Electrical Instrumentation

Control Panels  
Electrical Motors  
Generators  
Instrumentation  
Switchgears  
Transformers

### Equipment

API Storage Tanks  
Boilers  
Heat Exchangers  
Pressure Vessels  
Skid Packages  
Structural/Stacks/Ducts

### Rotating Equipment

Blowers/Fans  
Centrifugal Compressors  
Engines  
Gear Boxes  
Pumps  
Reciprocating Compressors  
Steam/Gas Turbine

### Oilfield Control Equipment

Downhole Equipment  
Drilling Equipment  
Sub Sea Equipment  
Sub Surface Safety Valves  
Wellheads/Christmas Trees

### Tubulars

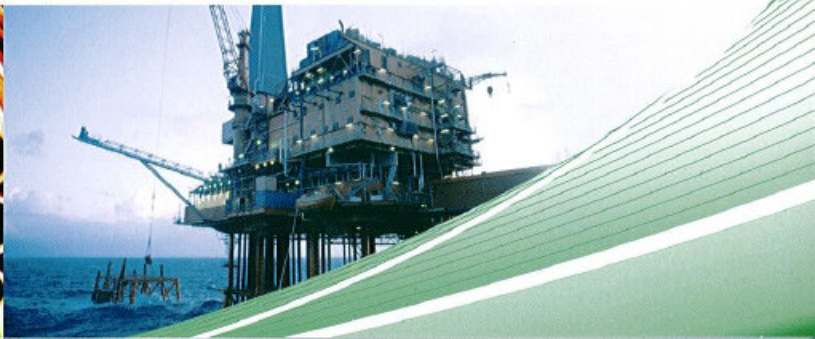

Linepipe  
OCTG  
Pipeline Construction  
Threading

### Piping

Flanges/Fittings  
Valves

### Processes & TEG

Coatings/Lining/Surface Treatments  
Heat treatment  
Machining  
Mechanical testing  
NDE-RT  
NDE-UT

# OUR SERVICES

## INSPECTION

Burotec provides unique inspection services on Oil & Gas industrial products with an excellent value addition to manufacturers. We help to ensure that the materials purchased by the client are supplied as defined, in accordance with their orders and specifications, supporting and assisting them in the settlement of any technical or quality issue. These services that can be performed at any location defined by the client.

## AUDIT MILL

The result of this audit report is to verify the Quality System of manufacturing, in which all the processes are recorded and valued items as production control, documentary, test records, manufacturing test and product testing. Burotec add value and experience according to ISO standards.

## CONSULTANCY

Management systems allow companies to develop their work with the highest quality standards, prioritizing resources and optimizing their processes. These improvements reflect on profitability for the organization. Burotec helps companies implanting ISO 9001, ISO 14001, OHSAS 18001 among others. Our auditors are required for their experience and high quality service. We also provide product certification services for international market trade, such as CE Marking, for the European Economic Area, and other useful Quality Marks.

## ENGINEERING

We have 25 years of experience in several engineering areas: Industrial engineering projects, image engineering, licensing and regulatory management, topographic georadar studies... We aim to execute integrated management of your project. Burotec provides a very competitive price-quality offer, which includes intense communication and integration with each client's needs.
